make a
difference

lets love - t-shirt

T-shirts are available in packages of two each. spread the love.

lets re-use plastic - I am a plastic bag

This bag has been made with used/old plastic bags and scrap cloth.

lets save - Piggy Bank

The "piggy bank" is designed to motivate you, to contribute, to the "lets" in your life. Apart from being a money bank or a change dumper, it is also an idea bank. Capture the moment, your idea and your change and let the bank create a channel for you to be committed to the "lets" in your life. It is hard to write a check outright, but it is easy to collect 10c a day. Once the box is full, cut it open and donate your savings to the cause. available in packages of three (all different causes)

nupur goenka
initiator, lets

nupur's dream is to salvage anything from the *garbage* that looks interesting. she thinks that the best fashion and sometimes art, is on the streets and villages of india. boundaries are pushed everyday where resources are scarce. through lets, she hopes to start a sort of chain reaction that doesn't end at any one person or any one act, but instead activates them to keep on making a difference.
